“ *Brian and family was our fence neighbor in Eureka until we moved away in 71. When I think of my youth I think of Brian. Was sad to hear just this morning of his passing.*

“ I have been a friend of Brian’s for about 40 years. I have many great memories going house boating, riding quads in the desert in NV and the Sierra foothills, many different camping trips all of which were some of the best times of my life. I took that picture of Brian and it is on the Situk river in Yakutat Alaska fishing for steelhead. Our group was Steve Radmacher, Steve Cahill, Brian Roths and myself Brad Mills. This was my one and only time to Alaska and we had a memorable trip. Rest in peace my friend may your soul be at peace.

“ Coming from having no brothers and then marrying Zoe and having three was sooo great. Brian you were such fun to be around and I'll never forget you giving us the tour of the area of Truckee or the hikes when you came to see us or the infamous Christmas video lol. You are no longer with us in the flesh but your memory will never be forgotten. Rest on high my brother. Love Doug
