Morgan Vaughn Lighter

October 25, 1950 - November 8, 2016

On November 8, 2016, Morgan Lighter passed away at Tahoe Forest Hospital after a brief illness in the end stages of Alzheimer's Disease. Morgan was truly a joy to know and was loved by his family and many friends, not only for his sense of humor and love of life, but also for his big heart and generous spirit. He will be missed dearly but leaves us with wonderful memories and a smile on our faces when we remember him. Morgan did not wish a service and there will be only a small gathering of family and friends.
