Robert William Sherwood III March 30, 1961 - August 30 2016

Born in San Francisco

Bobby passed while he was with his dearest friends abalone diving, which is something he loved very much. Bobby moved to Donner Summit when he was 12 years old. He worked for the labor union for over 30 years. He labored on many projects such as the refurbishing of Rainbow Bridge, HWY 80 and HWY89, plus various local roads. He was a hard worker. He volunteered his time cooking at the Donner Trail elementary Thanksgiving dinner for many years. Bobby owned Soda Springs Snow Removal, providing a vital service in this mountain climate. He was a wonderful provider to his wife and sons. Bobby will be greatly missed by his wife, Tay; sons Hunter and Wilder; two sisters Kimberly and Debra; and his mother and father, Carol Dalgleish and Bob Sherwood II, extended family and friends, and all that knew him.

“ Everybody that knows Bobby knows he was the best husband and father. Everybody has had fun with my brother. My brother did everything big with full force. My first memories in life way playing with my brother. My last vist with my big brother was last month on Rollins lake toeing me in a kyack telling me stupid jokes that i tought was funny. He toed me for a good 45 minutes. Bobby is so strong. I felt like a litter girl. Thank you Bobby. I am so grateful my last visit with Bobby was so good. So much fun. We hugged each other good bye and told each other that we loved each other. I could not wait to play with him again and planned to make our next visit at Roller Kingdom. Little did i know that would be the last time we would be kids with each other. Bobby was so funny that day. He made me laugh

“ We are reminded today, the ebb and flow of life, the coming and the going, the passage we all take. Bobby, a dear friend to so many, our schoolmate, and true salt of the earth. May you find peace on your journey and know that you will be missed by so many. I send love and blessings to his wife, sons, and family. May everyone find solitude during this time of changing tides.
