*I knew Shannon as a little boy in Auburn California. We were born in

*How you been, Evelyn? It's been a minute. I think you were having key
problems with Joe's car downtown Truckee the last time we interacted.*

Rebecca is on hospice right now. Last time I interacted with Shannon, I was at U.C. Davis Medical Center. Rebecca was having surgery. Shannon recognized me in the waiting room and told me of her illness.

I never heard of her passing. I'm so sorry it was so long ago. I never knew.

When we were very, very young, we used to jump on the inner tube and play Ring around the Rosie together with others of course.

I'll always remember her the way she was as well as the person I met in Truckee much later in life.

Anyway, I hope you're well, Evelyn. You know I always like your sister Aubrey, but she seemed to be always taken. Is Aubrey still with us? Is she doing OK? I hope so. I hope you are well as well. I sold Truckee locals were getting far and few between.

Very sorry for your loss you shared my daughter's name. I knew your mother as a young boy we were children together. I'm only now finding out about her passing. It brings me sorrow.
